### CONDITIONS OF SALE.

#### Please Read Sale Terms Before Bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.**

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, **THOMAS L. ELDER.**

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

No priced catalogue will be furnished of this sale.

## FOREWORD.

All indications point to a record amount of business prosperity during the seasons 1925-6. The coin business has kept up during nearly the whole summer. With capacity railroad traffic, with real estate booming and with every willing person employed there seems little prospect of a let-up in the next twelve months. The noisy politicians at Washington, D. C., friends of Soviet Russia, friends of radicals, communists, "peace" and "free speech" fakirs will continue to offer their wares to insult our intelligence, but self-respecting Americans will not be deceived. Pleas for the admittance of communists to the country, made by certain U. S. Senators and demagogue editors, will be unavailing. We have already in our midst too many rats, and defenders of rats, to want additions to the rat family and the discontented minority. Beware of any Senator who, in order to get the votes of the rabble, panders to radicals. He doesn't represent us.

We offer in our first sale of the present season over 2250 varied lots in three sessions, with many items of interest. Here is a brief list of the pieces found in the Brevoort, Stoddard, Witherspoon and other collections, in this catalogue.

New bidders are respectfully invited to read our sale terms and to furnish us with unquestioned reference. We ask no more than any business house from those who wish to establish credit. Be sure you bid on the right lot. You will be held responsible for your errors of this kind. At every sale we have these errors made by collectors, some of whom occasionally complain of treatment when we ask them to be responsible for such errors. Such errors cost everybody concerned money. Don't make them.

Until credit is established payment must be made on receipt of bill for any lots secured. Failure to understand sale terms will not be accepted as an excuse. Kindly help us with your cooperation.

Send in your bids early to avoid delay.

There is still room for other consignments and you are respectfully requested to favor us with your Collections or Duplicates for This Important Sale of Three Sessions. What I need is the material to work on—I will do the rest, and you get the best prices the market affords. This season bids fair to eclipse any other as to prices. Strike while the iron is hot! Send in your coins. Also, don't forget it—We Buy Collections. Somehow, one or two individuals, who ought to know better, have thrown out the impression that we don't buy big coin collections. Don't believe propaganda of this sort, which is only circulated by envious individuals to hurt our reputations. If you have something to sell offer it to us. Our Skilton Sale showed we can catalogue successfully and get good prices for unusual classes of material. We stand on our reputation, made in over 200 successful auction sales.
